

Latinas Engineering Leadership Program

The Latinas Engineering Leadership Program is a **4-month virtual mentorship program** designed to empower and support Latinas pursuing a degree in Computer Science.

Our goal is to help our students land their first technical internship, and prepare them to become future leaders in the tech industry.

Our workshops include:

- College Tips 101
- Applying to Scholarships 101
- Overview of all the Careers in Tech
- Develop your Personal Website
- Design Thinking & Rapid Prototyping
- Resume Development 101
- Basics of Tech Interview
- How to Network with Professionals
- Practice Behavioral Interview
- Practice Technical Interview
- Support Outside of Campus
- Applying to Internships 101
- Tech Company Tour

WHEN

August 10th - November 16th
(Saturdays 11am - 12:30pm)

WHERE

Workshops happen virtually through Google Hangouts
